

ARE YOU STILL NOT OFFERING STAFF AUGMENTATION SOLUTIONS TO YOUR CUSTOMERS?

**Most companies have difficulty
handling their ever-increasing
workload.**

**Help your customers address their
IT resource needs by providing Staff
Augmentation services.**

SmartSource's Staff Augmentation solution provides the customer with temporary IT staffing to help with day-to-day challenges—available on a short or long-term basis—allowing your customer to add valuable human resources for as long as necessary to complete their project.

EXAMPLES OF STAFF AUGMENTATION DEALS:

- ⇒ Week long projects for Cisco Firewall installations
- ⇒ 12-week project to place a desktop technician on-site
- ⇒ On-site technician for Microsoft Exchange and Firewall Configurations
- ⇒ ASP.NET Developers placed on long term projects
